Do you have backup water systems and supplies? Yes No If yes, please describe.	
Signature of Responsible Official	
Date	

Private citizen/water customer: You are required to provide written documentation from your medical provider in order to be placed on the list.

Please know that inclusion on the critical water user list is not guarantee of notification nor guarantee of uninterrupted water supplied by BCWS. Emergencies occur without warning. Unplanned water service disruptions can be caused by main breaks, valve failures, or loss of electrical power.

It is imperative that critical water users are adequately prepared for such emergencies. Please ensure that you keep a supply of water on hand to meet your needs in the event the BCWS supplied water is temporarily unavailable. For planning purposes, we recommend a 48-72 hour supply of water.
