

**Butler County Department of Environmental Services
Application For Batch Wastewater Discharge Permit**

NAME _____

ADDRESS _____

Telephone number _____ (Voice) _____ (Fax) E-mail _____

DESCRIPTION OF MATERIAL TO BE DISCHARGED _____

Location of holding tanks _____

Volume of material to be discharged _____

Proposed date and time of discharge _____

Proposed method of discharge _____

I certify that the information contained in this application is complete and accurate.

Signature _____

This application must be accompanied by analytical data from either the BCDES laboratory or a commercial EPA certified laboratory which details the contents of the material to be discharged. Each tank must be sampled and tested separately. The parameters to be reported will be determined by BCDES based on the characteristics and volume of batch wastewater to be discharged. Sampling may be required to be taken during discharge.

The application fee for special batch discharges is \$25.00. Fees for discharge will be as provided by the Butler County Septage Receiving Program.

Submit this application with all available analytical data and a check in the appropriate amount to:

Butler County Department of Environmental Services
Industrial Services Division
130 High Street
Hamilton, OH 45011

Allow a minimum of two weeks for processing. Notice of permission to discharge will be transmitted by mail or e-mail if desired.
